The Damar Staff

For the past 40 years, the dedicated members of the Damar Family have pursued the absolute highest quality of life for the children and adults served.

The commitment of Damar's staff has enabled the organization to become an industry-leading provider of disability services.

When a child is unable to find success elsewhere, referral agencies across Indiana and in many other states often ask Damar to step in where others have fallen short.

With a success rate of over 90 percent for those served by Damar moving into more independent settings, Damar has quietly built a reputation of exceeding expectations.

"It's exciting to be a part of something so life-changing," shared Damar Vice President & COO, Dr. Jim Dalton. "To imagine that our staff have been providing around-the-clock care at Damar for the last 40 years is nearly incomprehensible."
