[The Endowment]

Lilly Endowment Inc.

Since its first grant to Damar in 1968, Lilly Endowment Inc. has supported Damar from its beginning. The Endowment has had a transformative impact on Damar.

“Damar would not be the same organization it is today without the generous support and strategic guidance of the Endowment,” said Damar President & CEO Greg Johnson.

Over the years the Endowment has provided nearly \$6 million in support and valued counsel that has allowed Damar to respond to the growing needs of the community.

“For 40 years, Damar has offered hope to countless individuals with behavioral and intellectual challenges and their families,” said N. Clay Robbins, president of the Endowment. “The Damar staff provide their clients with exemplary services in a caring and wholesome manner and in so doing have enabled their clients to achieve more fully their potential. Lilly Endowment is most pleased to support Damar’s ongoing efforts to enhance and expand its ability to fulfill its mission. Lives are changed because of Damar.”
